

Its compact design makes this unique product suitable for smaller van installations. With ingenuity and innovation combined into one system, the COMBI™ 325 is the first of its kind.

Designed to either incorporate our **STREAMFLO®** 25-litre trolley system as a power unit or supplied as a 5-stage RODI filtration unit with lithium-ion battery technology, the design is totally unique to the window cleaning market.

Park our **STREAMFLO®** 25ltr trolley into the tank recess and use the trolley's pump and filter to deliver pure water from the tank.

Alternatively the **COMBI™ 325** tank can be supplied fully kitted with RODI and twin pump and controller configuration.

Either way, the **COMBI™ 325** provides a safe and professional image to your van, and maximises van space.

An optional 17-litre solution tank is available if required.

Features

- Bespoke tank with baffles and Z-flange designed for van installations
- Unique concept of utilizing STREAMFLO® 25 trolley to power delivery of pure water
- Alternatively fitted with RODI and twin pump and controller configuration
- Hose reel with 100-metres of hose

RODI version has the following additional features:

- Rechargeable lithium-ion batteries
- Twin pumps and digital V16 controllers
- Prefilters and twin membranes with flushing tap for efficient pure water production
- Inline dual TDS meter
