

# OVA8<sup>®</sup> POWER POLE

## Carbon Fibre High Pressure Poles

Streamline<sup>®</sup> OVA8<sup>®</sup> High Pressure Power Pole a unique high pressure configuration for the OVA8<sup>®</sup> Poles but for high pressure cleaning, enabling users to clean up 42ft with 4000psi 276bar.

### Hand Ergonomics

Because of the anti-spin pole section on the Streamline<sup>™</sup> OVA8<sup>®</sup> pole, the oval shaped clamps work less due to only having to prevent the pole sections from moving up or down. The pole offers more rigidity and better control, as the two flat sides sits more comfortably in an operator's hand and allow the tips of their fingers to sit on the flat edge.

### Save Money On Additional Equipment

This product is really a cost-effective cleaning solution. It eliminates the need for additional cleaning equipment, such as ladders or scaffolding, which can be costly and time-consuming. Overall, the Streamline<sup>™</sup> Power Pole is an excellent investment for anyone who needs a reliable and efficient cleaning tool for hard-to-reach areas.

### Premium Components

Build with high quality carbon fibre and stainless components, the pole can withstand heavy use and rugged durability which supports long lasting investment into another Streamline<sup>™</sup> product.

### Easily Adjustable

A very easy adjustable pole with high pressure adaption allows for operator to clean hard to reach area with ease and with the comfortable handle design, support user with reducing fatigue and strain on arms and back during extended cleaning operations.
